

“I can do all things [which He has called me to do] through Him who strengthens and empowers me [to fulfill His purpose—I am self-sufficient in Christ’s sufficiency; I am ready for anything and equal to anything through Him who infuses me with inner strength and confident peace].”

Philippians 4:13 AMP

Greetings from Kampong Thom, Cambodia. What a wonderful version of Philippians 4:13!

Praying you all are doing well. Thank you so much for your diligence in praying for us. Please enjoy this updated newsletter.

COVID Update – Cambodia is at around 115,000 cases with 2,750 deaths. The government is still working hard to keep the numbers low. Some restrictions have eased up and schools are starting to reopen. Four staff members at SLC have tested positive for Covid. Srey Nich has fully recovered from COVID-19 and is now back to work. Sokly is being treated at home and now Bunna has also tested positive for Covid. One of the Khmer teachers has tested positive for Covid and is now being treated at his house. The other Khmer teacher is teaching from home through Google meetings Please pray for them. Srey Nich is the counselor at SLC and she is currently pregnant. With house parents getting Covid the children will be in quarantine yet again. The children from six year of age and the youths at SLC have now been vaccinated.

On October 16th, there was a small wedding at the Center. Bora has always dreamed of having some of the kids who have aged out of the Center to come back

and have their wedding at SLC. Yuhan Mon who is now 28 years old came to the Center

in 2005. He was being raised by a local Pastor and his wife

and it was a blessing that he was accepted into SLC. He married Kayla who is a missionary from America. She has been serving in Cambodia for quite a while now. Please keep this couple in your prayers.

Two of our 12th grade students, Srey Mom and Seang Eng passed the exam for PN (Passerelles Numeriques Cambodia) Computer School. This is a wonderful blessing. They will be studying two years in Phnom Penh.

The final 12th grade exam will be in December. We have 3 students that will be taking the exams. Please pray for these students.

Student Highlight

In this issue we are highlighting a group of children and youth that love to help out in the kitchen and making special foods. In these pictures we

have children helping with a meal and being taught how to make noodles from Pheara (House Parent). They look yummy! Pheara has always been a great teacher and she is an awesome house parent. The children are not required to help out with the meals but it is wonderful when they choose to do so and that they want to learn new things.

Prayer Requests:

Please pray for the reopening of Clever Child International School. Quite a few of the children from SLC are able to study at this school. After being closed for quite a while the school will need to build back up it's student base.

As many of you that have visited the Shelter of Love Center know that the road off the main highway to the Center is in dire need of repair. We have been praying for the funds in order to repair this road. We believe God is at work here as we were contacted by some dear

friends in America that are praying and asking God to provide these funds. All the details are not worked out so please pray for this endeavor.

Every three years the Center has to reregister with the government for residential care for children with the Ministry of Social Affairs and Rehabilitation. Bora is in the middle of doing this now. It is a lengthy process with a lot of paperwork and inspections. Please pray that this will go smoothly.

Please continue to pray for the Covid status in Cambodia. Pray for the health and well being of the house parents and kids. We are praying for you as well.

That is it for now. Thank you for your continued support and prayers. May God bless each one of you.
